Hi Michael. I just drained the water gen. I also tested the chlorine content and both free and total chlorine were 0 mg/L.

Have a great weekend

Sue.

Hi Sue,

Would you be able to run chlorine determinations on the water once Avi is done servicing

it, either this afternoon or tomorrow? Greg has done this in the past to make sure it's gone.

Thanks,

Michael

Hi Michael,

Here is the WaterGen Humidity data for the week of 3/18/18.

Sue
